

Munising® Cleanroom Paper

Munising® Cleanroom Paper is manufactured by Neenah Technical Products, and is converted, processed and packaged by Connecticut Cleanroom Corporation.

- No natural latex.
- Autoclavable.
- Synthetic polymers seal individual fibers into the sheet.
- Free of inorganic fillers which minimize inadvertent doping of products and accepts standard printing inks without skipping, smudging or smearing.
- Heat resistant for use in laser printers and photocopy machines.

Available in European, custom sizes and rolled goods. Sold by case only. Each ream is double-wrapped for cleanroom use.
